# Management Discussion and Analysis

## BUSINESS REVIEW

Founded in 1970, Orange Sky Golden Harvest Group has been a world-class Chinese language film and entertainment company primarily engaged in film exhibition, film and TV programme production, and film distribution businesses.

Since its inception, the Group has produced and financed over 600 movies and is currently the only cinema chain that operates in virtually all of the Chinese speaking regions across Hong Kong, Singapore and Taiwan. To date, the Group owns a movie library of over 140 movies. The Group has played a vital role in the development of Chinese language film industry.

During the first half of 2020, the novel COVID-19 outbreak has posted unprecedented challenges to worldwide economy. The Group's main operating regions Hong Kong, Singapore, and Taiwan have seen GDP contracted respectively during the period, with retail and entertainment spending affected severely by social distancing measures coupled with austere labor market conditions. In particular, the global lockdown has hit the film and entertainment industry with cinemas in most geographies closed for extensive periods. For those regions whereby cinemas remained open, admissions were also affected by delay in blockbusters movies.

In view of such daunting economic challenges, the Group's focus during the period has been on further improvement in cost structures in order to preserve the Group's long-term competitiveness across all regions. The Group has placed particular emphasis on maintenance of liquidity during the period and obtained a HK\$1,548.0 million 3-year committed loan facility at the peak of the pandemic, allowing sufficient buffer to weather the difficult times, as well as additional resources to position for future business developments. During the period, the Group has continued its efforts to expand into PRC live entertainment to capitalise our branding equity and goodwill, and to re-vitalise our intellectual property rights in classic Chinese language movies. We firmly believe our market leading position in film exhibitions supported by strong liquidity will position the Group for rapid recovery as COVID-19 alleviates.

## Film Exhibition

During the period, the Group has closed a cinema with 8 screens in Singapore due to early termination of the lease by the landlord for renovation of the shopping mall. The Group will continue to operate that cinema post mall reopening. As at 30 June 2020, the Group maintained its network of 36 cinemas and 292 screens across Hong Kong, Singapore, and Taiwan. The Group's film exhibition business remained as the undisputed market leader in Singapore and Taiwan with 47% and 40% respective share in local box office during the period.

Despite the Group's continued effort, the Group's operations have been severely affected by lockdown measures implemented by the Hong Kong and Singapore governments, whereby cinemas have been ordered to close for around 6 weeks and around 16 weeks respectively in the two geographies. While the Group's Taiwan exhibition business remained opened during the period, its business results have been affected by the delay in blockbusters movies release and reduced social interactions amidst the worldwide pandemics. As such, the Group's total admissions reduced by 70% from 12.5 million in the same period last year to 3.8 million during the period.

## Operating Statistics of the Group's Cinemas

## Hong Kong

### Operating Statistics of the Group's Cinemas in Hong Kong

(For the six months ended 30 June 2020)

	2020	2019
Number of cinemas*	<b>7</b>	7
Number of screens*	<b>24</b>	24
Admissions (million)	<b>0.3</b>	1.1
Net average ticket price (HK\$)	<b>72</b>	87
Box office receipts (HK\$ million)	<b>19</b>	96

\* at 30 June 2020

All Hong Kong cinemas have been put under mandatory closure from 28 March 2020 to 7 May 2020 for a total of around 6 weeks. Subsequent social distancing measures such as separation of cinema patrons, restrictions in food and beverages inside the exhibition halls, together with delay in blockbuster movies have together resulted in 80% drop in total Hong Kong box office from HK\$96.4 million in first half of 2019 to HK\$19.0 million in the reporting period.

The Group's Hong Kong operations branded under Golden Harvest Cinemas continued to operate 7 cinemas and 24 screens in the city during the period. The operation recorded total gross box office receipt of HK\$19.0 million during the reporting period, representing 6% share of the Hong Kong total box office, remained similar to the same period last year (30 June 2019: HK\$96.4 million). Net average ticket price of the Group amounted to HK\$72.0 during the period, compared with HK\$87.1 over the same period last year. The decrease of 17% given the lower ticket price was to incentivise patrons return to cinema after cinemas re-opening.

The Group's screen advertising business maintained with contracts covering 28 cinemas and 131 screens during the reporting period. However, screen advertising was affected given the sluggish economic condition amidst COVID-19 resulted in vast reduction in advertising budget for corporates.

To mitigate the lack of blockbusters movies, the Group has arranged special screening of classic Hong Kong and western movies such as *Perish In the Name of Love* (帝女花), *2001: A Space Odyssey* (2001太空漫遊) and *The Shawshank Redemption* (月黑高飛) to attract movie fans back to cinemas. These special screenings were deemed as success with average fill rate of 35%.

Hong Kong has been the home market for the Group and Hong Kong exhibition business has been the core of home business. The Group will continue to strive to bring the best movie and entertainment experiences despite the difficult operating environment in the city.

## Singapore

### Operating Statistics of the Group's Cinemas in Singapore

(For the six months ended 30 June 2020)

	2020	2019
Number of cinemas*	13	14
Number of screens*	104	112
Admissions (million)	1.0	4.1
Net average ticket price (S\$)	10.7	10.8
Net box office receipts (S\$ million)	11	44

\* at 30 June 2020

Singapore has been the main revenue contributor to the Group, attributing to 53% and 49% of the Group's total revenue across 4 regions in first half 2019 and 2020 respectively. The Group's Singapore operations under the Golden Village Cinemas ("Golden Village") brand remained as the market leader locally operating a network of 13 cinemas and 104 screens, attributing to 38% of total installed screens in the country.

During the period, Golden Village reported net box office receipts of S\$10.8 million (30 June 2019: S\$43.6 million), representing a decrease in net box office receipts of 75% compared to same period last year. Such reduction was primarily due to the Singapore Government 'Circuit Breaker' initiative, whereby most Singapore retail businesses including cinemas were shut down. The Singapore cinemas have been temporarily closed from 27 March 2020 to 12 July 2020, which forbid the Group from generating any income.

To partially mitigate the effect from cinemas closures, Golden Village has strived to open up new initiatives such as special movie screening, sales of movie vouchers, and partnership with landlords, e-commerce websites, to maximise our sales as much as possible. In the meantime, Golden Village continued to source quality independent movies for distributions in Singapore to position the chain for exclusive screenings post cinemas re-opening.

Golden Village have been a household name in Singapore with a considerable larger scale of operations compared with local competitors. The Group believes that the significant cost advantage arising from Golden Village's economies of scale, coupled with strong local film distribution capability has placed Golden Village as the long-term winner in Singapore.

## Taiwan

### Operating Statistics of the Group's Cinemas in Taiwan

(For the six months ended 30 June 2020)

	2020	2019
Number of cinemas*	16	15
Number of screens*	164	156
Admissions (million)	2.5	7.3
Net average ticket price (NTD)	249	244
Net box office receipts (NTD billion)	0.6	1.8

\* at 30 June 2020

During the period, Taiwan's net box office receipts amounted to NTD0.6 billion, registering a decrease of 65% from NTD1.8 billion in the same period last year. Of particular note, given Taiwan's effective response to COVID-19, Taiwan has successfully avoided the need for a large scale lockdown similar to most of other geographies, and cinemas in Taiwan have remained open during the reporting period. The reduction in box office is primarily due to the delay in blockbuster movies release which awaits re-opening of cinemas in other geographies, coupled with weak consumer sentiment during chronic health concern amidst global COVID-19 pandemic. Thanks to the positional Vie Show cinema circuit ("Vie Show") as the largest film exhibitor, Vie Show managed to secure 14 exclusive film releases such as *DIGIMON ADVENTURE Last Evolution KIZUNA* (數碼寶貝LAST EVOLUTION絆) during the reporting period. Vie Show's restaurant operations and theme park operations have continued to perform during the period, and together partially mitigated the impact from lack of blockbuster movies.

The Group's 35.71% owned Vie Show continued to be the largest cinema chain in Taiwan operating a total of 16 cinemas, comprising of 164 screens as of 30 June 2020, with a market share of 40%. Adhering to the Group's comprehensive entertainment hub strategy, Vie Show operated a chain of "UNICORN" brand handmade popcorn stores across all its cinemas locations and a Japanese fried chicken chain "TORIKAI" across 3 locations in Taiwan. Vie Show has also ventured into the family focused artificial snow theme park "SNOWTOWN" in Taichung Mitsui Outlet Park. SNOWTOWN is an indoor theme park that allows visitors to enjoy snow at a "feels like" temperature of 20°C. In addition, Vie Show has operated a mall in Xinyi District where its flagship Xinyi Vie Show cinema is located.

Compared with the Group's Hong Kong and Singapore operations which saw mandatory cinemas closures, Vie Show was relatively less affected by COVID-19 during the reporting period. The Group is confident that once blockbuster movies are released, Vie Show's performance will quickly return to normal. The Group remained committed in Vie Show and will continue to develop Vie Show into a leading comprehensive entertainment operator in Taiwan.

### Film & TV Programme Distribution and Production

The Group's film library carried perpetual distribution rights for over 140 self-owned titles, which contributed steady licensing income to the Group. One of the Group's key initiatives is to work with external studios for redevelopment of the Group's existing classical Chinese movies intellectual property into online movies.

Riding on the Group's leading position and long tradition in film distribution and production, the Group is one of the largest independent film distributors in Hong Kong, Singapore, and Taiwan. On an aggregated basis the Group's film distribution and production business recorded revenue of HK\$16.2 million (30 June 2019: HK\$35.3 million), representing a decrease of 54% compared to same period last year which mainly attributable to quarantine measures imposed in multiple areas of operations of the Group which including temporary closure of cinemas to cope with the COVID-19 pandemic at the beginning of 2020s. The distribution revenue was mainly generated by distributing releases such as *A Good Doctor* (醫生速遞) and *Good Newwz* (BB駕到) in Hong Kong. The famous releases outside Hong Kong were *DIGIMON ADVENTURE Last Evolution KIZUNA* (數碼寶貝LAST EVOLUTION絆) and *Enter the Fat Dragon* (肥龍過江) in Taiwan and *Parasite* (上流寄生族) in Singapore.

For the production sector, the Group continued to remain prudent in investment decisions but remained active in seeking opportunities to work with local and overseas studios to produce movies and TV programmes of high quality.

## FINANCIAL REVIEW

### Profit and Loss

During the period, the Group's performance was severely affected by cinemas closures and the lack of blockbuster movies amidst global COVID-19 pandemics, resulting in 74% reduction in revenue to HK\$138.8 million (30 June 2019: HK\$534.3 Million). As the Group has increased proportion of royalty income and decreased proportion of film rental cost, gross profit margin improved to 65% from 63% in similar period last year despite the reduction in sales from higher margin concessionaries. Gross profit for the period amounted to HK\$90.5 million, compared with HK\$334.6 million during similar period last year, representing a drop of 73%.

The Group has focused on cost savings during the reporting period to preserve its long-term competitiveness. Via reduction in marketing expenses, utilities expenses, part-time labour costs, and other non-essential services, the Group has managed to reduce its expenses by HK\$77.5 million during the period, representing 26% reduction from same period last year.

Other revenue of HK\$54.0 million represents primarily subsidies and rental support from governments and landlords. Interest income during the period reduced to HK\$5.8 million from HK\$10.9 million in the same period last year in light of the low interest environment amidst quantitative easing measures imposed by various governments.

The Group's finance costs consisted mainly of interest expense on bank loans and interest on lease liabilities. Interest expense on bank loans amounted to HK\$17.7 million, compared with HK\$21.8 million in similar periods last year, the reduction is primarily due to low interest environment.

The Group's joint venture in Taiwan recorded a net loss during the period, in which the Group's share of loss of the joint venture amounted to HK\$33.5 million (30 June 2019: share of profit of HK\$13.1 million).

Depreciation expense for the period amounted to HK\$97.8 million (30 June 2019: HK\$101.2 million). Loss attributable to equity holders was HK\$155.4 million, compared with a profit of HK\$4.6 million in the corresponding period last year.

## **FINANCIAL RESOURCES AND LIQUIDITY**

Despite the serious economic challenges, the Group's financial position remained healthy with net assets of HK\$1,949.0 million as of 30 June 2020.

As of 30 June 2020, the Group has total cash and cash equivalents amounting HK\$1,163.6 million (31 December 2019: HK\$1,068.3 million). Pledged bank balances were reduced to HK\$50.0 million, compared with HK\$137.0 million as of 31 December 2019.

The Group's total outstanding bank borrowings amounted to HK\$1,251.0 million (31 December 2019: HK\$1,057.1 million), translating into a modest net borrowings (defined as total outstanding bank borrowings less cash and bank balances) of HK\$37.4 million. The Group's bank borrowings comprised primarily of a 3-year committed loan facility secured by pledged cash, corporate guarantees, equity shares and properties.

The Group's gearing ratio, calculated on the basis of bank borrowings over total assets stood at a healthy level of 28.3% (31 December 2019: 22.4%) and our cash to bank borrowings ratio at 97.0% (31 December 2019: 114.0%). The Group at this moment has reasonable financial leverage. Management viewed the Group's financial position to be in a healthy position providing sufficient liquidity to withstand any challenge posted by COVID-19, while also able to support ongoing cinema projects, as well as potential acquisitions of other regional entertainment companies. The Group believes that its current cash holding and available financial facilities will provide sufficient resources for its working capital requirements.

The Group's assets and liabilities are principally denominated in United States dollars, Hong Kong dollars, Renminbi and Singapore dollars, except for certain assets and liabilities associated with the investments in Taiwan. The Group's bank borrowings are denominated in Hong Kong dollars and Singapore dollars in line with the Group's main operating currencies. Each of the Group's overseas operations were operating in their local currencies and are subject to minimal exchange risk. The directors will continue to assess the exchange risk exposure, and will consider possible hedging measures in order to minimise the risk at reasonable cost. The Group did not have any significant contingent liabilities or off-balance sheet obligations as of 30 June 2020 (31 December 2019: Nil).

## OUTLOOK

COVID-19 has posted unprecedented challenges to worldwide economy, and the film and cinema industry has become one of the worst hit segments. Nevertheless, the Group will continue to improve its cost structures so as to strengthen our core competency in each of the operations.

In the PRC, the Group has signed cooperation agreements with local PRC governments in Suzhou and Xian to operate 4 stages and bring in unique live performances that marries advanced stage technology from Europe, local Chinese stories, created by renowned talents from all over the world, dedicated to providing a stunning theatrical experience to local audience. The Group will be responsible for the content creation and operation of the theatres and not be responsible for the capital expenditures in relation to the building of the theatre infrastructure. The unique business model allows the Group to venture into the traditionally asset heavy theatre operations with relatively modest investment.

In Hong Kong, the Group continues to explore opportunities to further expand our cinema network. Riding on the success of alternative contents in previous years, particularly live broadcasting of Japanese and Korean mini-concerts, the Group is exploring possibility to expand into live entertainment businesses locally. At the same time, the Group is dedicated to look for investment opportunities in quality film and/or distribution projects in the territory.

In Singapore, the Group will continue to grow by actively pursuing suitable cinema sites. Currently, Katong site is under re-development and will bring in the best cinematic experience to patrons upon reopening on second half of 2021. The Group is dedicated to maintain high quality services in regular and gold class auditoriums and to introduce creative product offerings such as toys merchandise to its customers.

In Taiwan, Vie Show will continue to expand its cinema network with a stable pipeline of potential sites to be opened in the coming years. Vie Show looks to continue diversify from the core cinema business and looks to further expand into theme parks and food and beverage business.

Looking ahead, the Group will continue to actively seek investment opportunities in the regional media, entertainment, technology and lifestyle sectors that are related and/or creating synergies to the Group's existing businesses. The Group's strong liquidity on hand also allowed us to explore opportunistic acquisitions of fellow regional players, and development of new business in entertainment, technology and lifestyle industries that would create synergies to the Group and add values to the Shareholders.

## **EMPLOYEES AND REMUNERATION POLICIES**

As at 30 June 2020, the Group employed 407 (31 December 2019: 484) permanent employees. The Group remunerates its employees mainly by reference to industry practice. In addition to salaries, commissions and discretionary bonuses, share options will be granted to employees based on individual performance and contribution to the Group. The Group also operates a defined contribution retirement benefit scheme under the Mandatory Provident Fund Schemes Ordinance and, as at 30 June 2020, there was no forfeited contribution arising from employees leaving the retirement benefit scheme.

# Notes to the Unaudited Interim Financial Report

(Expressed in Hong Kong dollars unless otherwise indicated)

## 1 BASIS OF PREPARATION

This interim financial report has been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, including compliance with Hong Kong Accounting Standard (“HKAS”) 34, *Interim financial reporting*, issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). It was authorised for issue on 28 August 2020.

The interim financial report has been prepared in accordance with the same accounting policies adopted in the 2019 annual financial statements, except for the accounting policy changes that are expected to be reflected in the 2020 annual financial statements as set out in note 2.

The preparation of an interim financial report in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

This interim financial report contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of Orange Sky Golden Harvest Entertainment (Holdings) Limited and its subsidiaries (together the “Group”) since the 2019 annual financial statements. The condensed consolidated interim financial statements and notes thereon do not include all of the information required for a full set of financial statements prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”).

The interim financial report is unaudited, but has been reviewed by KPMG in accordance with Hong Kong Standard on Review Engagements 2410, *Review of interim financial information performed by the independent auditor of the entity*, issued by the HKICPA. KPMG’s independent review report to the Board of Directors is included on pages 12 to 13.

As at 30 June 2020, the Group breached one of the financial covenants under the Group’s banking facilities. Accordingly, certain bank loans were classified as current liabilities as at 30 June 2020 as the bank loans became repayable on demand.

## 1 **BASIS OF PREPARATION** *(continued)*

Nonetheless, the interim financial report has been prepared on a going concern basis notwithstanding the Group's current liabilities exceeding its current assets by HK\$224,913,000 as at 30 June 2020, as subsequent to the reporting period, the Group has obtained a waiver from the banks on these financial covenants with immediate effect. If the Group did not breach the abovementioned financial covenant, the Group would have had net current assets of HK\$891,979,000 as at 30 June 2020. The directors believe that the Group is well placed to manage its financing and other business risks satisfactorily and therefore consider it appropriate to adopt the going concern basis of accounting in preparing the financial statements.

## 2 **CHANGES IN ACCOUNTING POLICIES**

The HKICPA has issued the following amendments to HKFRSs that are first effective for the current account period of the group:

- Amendments to HKFRS 3, *Definition of a Business*
- Amendment to HKFRS 16, *Covid-19-Related Rent Concessions*

Other than the amendment to HKFRS 16, the Group has not applied any new standard or interpretation that is not yet effective for the current accounting period. Impacts of the adoption of the amended HKFRSs are discussed below:

### **Amendment to HKFRS 16, Covid-19-Related Rent Concessions**

The amendment provides a practical expedient that allows a lessee to by-pass the need to evaluate whether certain qualifying rent concessions occurring as a direct consequence of the COVID-19 pandemic ("COVID-19-related rent concessions") are lease modifications and, instead, account for those rent concessions as if they were not lease modifications.

The Group has elected to early adopt the amendments and applies the practical expedient to all qualifying COVID-19-related rent concessions granted to the Group during the interim reporting period. Consequently, rent concessions received have been accounted for as negative variable lease payments recognised in profit or loss in the period in which the event or condition that triggers those payments occurred. There is no impact on the opening balance of equity at 1 January 2020.

### 3 REVENUE AND SEGMENT REPORTING

Revenue represents income from the sale of film, video and television rights, film and television drama distribution, theatre operation, food and beverage, promotion and advertising services, agency and consultancy services and proceeds from the sale of audio visual products.

The Group's customer base is diversified and there is no customer with whom transactions have exceeded 10% of the Group's revenue.

The Group manages its businesses by geography. In a manner consistent with the way in which information is reported internally to the Group's most senior executive management for the purposes of resources allocation and performance assessment, the Group has presented the following reportable segments. No operating segments have been aggregated to form the reportable segments, which are as follows:

- Hong Kong
- Mainland China
- Singapore
- Taiwan

The results of the Group's revenue from external customers for entities located in Hong Kong, Mainland China, Singapore and Taiwan are set out in the table below.

Each of the above reportable segments primarily derives its revenue from film exhibition, film and video distribution, film and television programme production and the provision of advertising and consultancy services. For the purposes of assessing segment performance and allocating resources between segments, the Group's senior executive management monitors the revenue and results attributable to each reportable segment on the following bases:

### **3 REVENUE AND SEGMENT REPORTING** *(continued)*

#### **Segment revenue and results**

Revenue is allocated to the reportable segments based on the local entities' location of external customers. Expenses are allocated to the reportable segments with reference to sales generated by those segments and the expenses incurred by those geographical locations or which otherwise arise from the depreciation and amortisation of assets attributable to those segments.

The measure used for reporting segment profit is adjusted operating profit after taxation where net finance costs, exchange differences and extraordinary items are excluded, and the effect of HKFRS 16, *Leases* is adjusted as if the rentals had been recognised under HKAS 17, *Leases*. To arrive at adjusted operating profit after taxation, the Group's profit is further adjusted for items not specifically attributable to individual segments, such as directors' and auditors' remuneration and head office or corporate administration costs.

In addition to receiving segment information concerning operating profit after taxation, management is provided with segment information concerning revenue.

Management evaluates performance primarily based on operating profit including the share of result of a joint venture. Intra-segment pricing is generally determined on an arm's length basis.

If the Group were to breach the covenants, the drawn down facilities would become payable on demand.

The Group regularly monitors its compliance with these covenants. As at 30 June 2020, the Group has breached one of the financial covenants under the Group's banking facilities. Accordingly, certain bank loans have been classified as a current liability as at 30 June 2020, as the bank loans became repayable on demand.

Nonetheless, the financial statements have been prepared on a going concern basis notwithstanding the Group's current liabilities exceeding its current assets by HK\$224,913,000 as at 30 June 2020 (31 December 2019: net current assets of HK\$534,716,000), as subsequent to the reporting period, the Group has obtained a waiver on these financial covenants from the banks with immediate effect.

Notes:

### (i) Share option scheme

The Company operates a share option scheme (the “Scheme”) for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group’s operations. Eligible participants of the Scheme include the Company’s directors and other employees of the Group, shareholders of the Company, suppliers of goods or services to the Group and customers of the Group. Details of the Scheme are set out in the 2019 annual financial statements.

### (ii) Dividend

The directors do not recommend the payment of interim dividend for the six months ended 30 June 2020 (2019: Nil).

### (iii) Capital management

The Group’s primary objectives when managing capital are to safeguard the Group’s ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, by pricing products and services commensurately with the level of risk and by securing access to finance at a reasonable cost.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

The Group monitors its capital structure on the basis of an adjusted net debt-to-capital ratio. For this purpose, adjusted net debt is defined as total debt (which includes interest-bearing loans and borrowings, and lease liabilities) less cash and cash equivalents. Adjusted capital comprises all components of equity and redeemable preference shares, other than amounts recognised in equity relating to cash flow hedges, less unaccrued proposed dividends.

## 19 DISPOSAL OF SUBSIDIARIES

On 25 January 2017, Giant Harvest Limited (“Giant Harvest”), an indirect wholly owned subsidiary of the Company, entered into a sale and purchase agreement (the “Sale and Purchase Agreement”) with True Vision Limited (“True Vision”), pursuant to which Giant Harvest conditionally agreed to sell and True Vision conditionally agreed to purchase, the entire equity interest of City Entertainment Corporation Limited (“CECL”) at a consideration of RMB3.286 billion (the “Disposal”). Orange Sky Golden Harvest Cinema (China) Company Limited, the entity operating the Group’s film exhibition business in Mainland China, was 92.59% owned by CECL and 7.41% owned by Jiaying Credit Prosperity Investment Enterprise (Limited Partnership). The Disposal was completed on 28 July 2017.

The initial consideration of RMB3.286 billion was subsequently adjusted to RMB3.290 billion. Pursuant to the Sale and Purchase Agreement, the consideration is subject to further adjustments based on an audit as at 28 July 2017 (the “Closing Audit”), and the parties may be entitled to further payment or compensation in respect of the renewal or entering into of new leases of certain cinema premises.

In 2017, the Group received an amount of RMB2,990,257,000 (equivalent to HK\$3,455,908,000) in connection with the Disposal. The remaining consideration of RMB300,000,000 is held in escrow and the recoverability of which is dependent on the Closing Audit. The parties may also be entitled to further payment or compensation in respect of the renewal or entering into of new leases of certain cinema premises. As such, the directors assessed the fair value of the consideration for the Disposal to be RMB2.990 billion. Any difference between the final consideration received and the fair value of the consideration as assessed by the directors will result in adjustment to the gain on disposal of subsidiaries and will be recognised in profit or loss upon finalisation of the consideration.

Pursuant to the Closing Audit, Giant Harvest calculated the remaining consideration for the Disposal to be RMB252,207,249 (equivalent to US\$37,383,975). However, as True Vision did not agree with the Closing Audit and refused to give any instructions to the escrow agent for settlement of the remaining consideration to Giant Harvest, the Group commenced legal action in the Hong Kong High Court (the “Action”) against True Vision and Nan Hai in September 2018 claiming a sum of US\$37,383,975, being the remaining consideration for the Disposal, and seeking other remedies, including interest and costs.

## **19 DISPOSAL OF SUBSIDIARIES** *(continued)*

Subsequently, Nan Hai made various allegations against the Company and Giant Harvest and counter-claimed for the loss arising from the breach of Sale and Purchase Agreement by Giant Harvest. In October and November 2018, Nan Hai issued writs of summons against the Company and Giant Harvest claiming amounts of RMB380,000,000 and RMB82,146,000 respectively and other remedies, including interest and costs (the "Said Claims"). The Said Claims have since been consolidated with the Action and will be litigated as one consolidated action in the Hong Kong High Court.

The directors of Company disagree with the Said Claims made by Nan Hai. Further details of the legal proceedings are set out in the Company's announcements dated 4 September 2018, 10 September 2018, 2 November 2018 and 9 November 2018.

Based on the available evidence and the advice received from the Company's legal advisor, the directors of the Company have assessed the likelihood of the Group incurring a liability as a result of the Said Claims as remote. No provision has therefore been made in respect of the Said Claims as at 30 June 2020. In view of the ongoing legal proceedings, the Group has not recognised the remaining consideration claimed against True Vision and Nan Hai of RMB252,207,249 referred to above.

## **20 EVENT AFTER THE REPORTING PERIOD**

The COVID-19 pandemic since early 2020 has brought about additional uncertainties in the Group's operating environment and has impacted the Group's operations and financial position.

With the third wave of COVID-19 outbreak in Hong Kong since July 2020, the government has tightened the social distancing measures including temporary closure of all cinemas starting from 15 July 2020 until 27 August 2020. In Singapore, cinemas were reopened on 13 July 2020 with added safety precautions which include a 1 meter social distancing seat configuration and a limit of 50 patrons per cinema theatre.

The Group will continue to pay close attention of the development of the COVID-19 outbreak, evaluate and proactively respond to its impact of the Group's financial position and operating results.

## Compliance with Corporate Governance Code

The Board recognises the importance of good corporate governance to maintain the Group’s competitiveness and lead to its healthy growth. The Company has taken steps not only to comply with code provisions as set out in the Corporate Governance Code (the “CG Code”) under Appendix 14 to the Listing Rules but also to aim at enhancing corporate governance practices of the Group as a whole.

For the period ended 30 June 2020, the Company has complied with the code provisions of CG Code, with the exception of code provisions A.4.1, A.6.7 and E.1.2.

Pursuant to code provision A.4.1 of the CG Code, non-executive directors of a listed issuer should be appointed for a specific term, subject to re-election. All non-executive Directors were not appointed for a specific term but are subject to the requirement of retirement by rotation and re-election at least once every three years at the annual general meetings of the Company in accordance with the relevant provisions of the Company’s Bye-laws, accomplishing the same purpose as being appointed for a specific term. As such, the Company considers that sufficient measures have been taken to ensure that the Company’s corporate governance practices are no less exacting than those in the code provisions of the CG Code.

Ms. Wong Sze Wing, independent non-executive Director, was unable to attend the annual general meeting of the Company held on 19 June 2020 (the “AGM”) due to the implementation of the travel restriction and quarantine requirements among overseas and Hong Kong resulted from the outbreak of COVID-19.

The Company has made specific enquiries with all the Directors and all of them have confirmed that they had complied with the requirements set out in the Model Code and the Company’s Code for the period ended 30 June 2020.
